

PEAT SHREDDER MACHINE

TECHNICAL DETAILS

Capacity
250 lt / 5 min

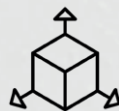

Voltage
380 V

Frequency
50 Hz

Power
2,2 kW

Dimensions

Width: 80 cm

Length: 360 cm

Height: 195 cm

Weight

250 kg

TECHNICAL SPECIFICATIONS

- Makes peat packages up to 250-300 liters ready for use.
- It destroys the lumps in the peat. It puffs up the peat.
- Output height is adjustable. In this way, it provides a stack at the desired height.
- It makes the peat ready for use within 3-5 minutes.
